INSTRUCTIONS AND PURPOSE

The purpose of a Legacy Go-Bag is to create an organized place to have all important personal information and instructions to help your family locate items related to your personal finances and final wishes. A Legacy Go-Bag will help give them specific instructions, from you, about how you want things to occur in the event that you pass away or are seriously injured.

Consider keeping the items within this Legacy Go-Bag in a safe and secure place, like a bank safety deposit box or a very secure and fireproof rated safe. Your FinancialCop Legacy Go-Bag is designed as a guide to help you organize important documents, thoughts, and instructions for your loved ones. No matter how thorough you are it can be difficult to anticipate, and think of any, and all, situations that may arise if you were to tragically pass away or be involved in a serious accident. This Legacy Go-Bag should help you prepare your family, loved ones, and department as best as possible to help ease the burden they may go through if an event like that occurred.

Oftentimes when an event happens that facilitates the need for this there are massive amounts of emotions and grieving that can end up causing decisions to be rushed and/or made in the heat of the moment. Once you have completed your Legacy Go-Bag you should consider reviewing the contents with the people you intend this to benefit so that they are prepared and know the contents prior to the event happening. This can help lessen the stress if this Legacy Go-Bag gets put to use.
